

PLAY GOLF summary:

**This will allow for large group learning of the 4 swings (putting, chipping, pitching, and full swing) it will also allow for play holes to be set up where multi-sport golf play can take place. There are additional learning games that will be in the curriculum as well that will utilize this equipment for group play also. Based on learning and research we have already been able to do, this will be a lot easier for an individual PE teacher or after school administrator to be able to help kids learn the game of golf.**

Learning Clubs	10
Learning Putters	8
Learning Balls	18
Air-Golf Flyers	8
Velcro Discs	20
Learning Nets	4
